Clock Time 2.29666 vectors to Rosh Hashanah in 2022 at minute 269.7. Microsoft also vectors the number 269 to the date of September 25 by adding this value to its global reference date of December 30, 1899.

Note that the only verse in Revelation referring to 666 is verse 229, an analog to this time matrix vectoring the 41st year of the Antichrist on Rosh Hashanah in 2022!

This matrix also identifies all three individuals who make up the 666 triad using the number 41 (the age of the Antichrist when his rule begins) or in the case of Barack Obama, by using his Microsoft adjusted birth metric in 1962.

269.7 minutes also rounds to 270, which points to Revelation 16:13 (the 270th verse of Revelation), the only reference to the False Prophet before his destruction in Chapter 19.

Obama can be found by subtracting his adjusted birth metric (1126) from the day value of this matrix in the AM layer (1172) and adding the result (46) to his actual year of birth. This provides the year Obama entered the US presidency in 2008!

$$229 - 41 = 188 = \text{Rev } 11:13$$

$$229 + 41 = 270 = \text{Rev } 16:13$$

$$1172 - 1126 = 46 + 1962 = 2008$$

$$\text{BO} = 11.26.1962 + 46 = 2008$$
