

Clock of the Four Night Watches

An End Time Prophecy of Jesus Christ!

Rev 10:10,11

Peter John Brandal

March 31, 2021

2023: YEAR OF THE ANTICHRIST?

Friends, I previously felt that we would have to wait until 2027 before the arrival of *Critical Mass* on the *Clock*, as I shared with you in earlier updates, however my view on this has changed.

This update will explain why the second and third trumpets of the 7th Seal may bring two

large meteors into contact with the Earth during the Spring of 2023, after which the Antichrist will rise to power!

In this message, I share why I believe *Critical Mass* may occur during a fulfillment window between eight and 24 months from now.

While I don't know the day and hour of any future event, the rise of the Antichrist now appears to be imminent.

As you know, the number 41 has featured prominently in the *Clock Prophecy* as 41 Golden Jubilees culminated in late 2019 to commemorate Christ's birth based on a solar year count.

These Jubilees converged near the end of the black ring on the *Clock*, referring to a period of 1,043 days that separate the AM and PM *Clock* layers.

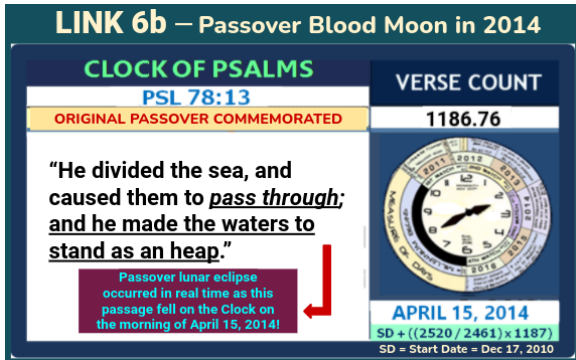

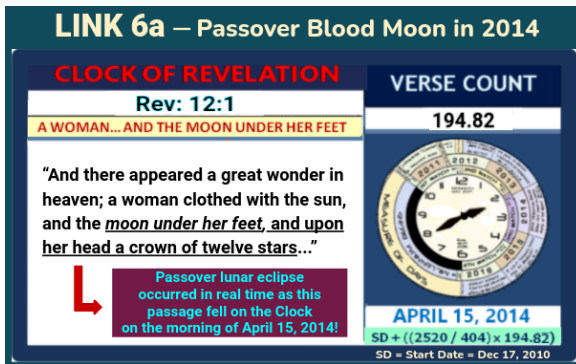

The events of Revelation 13 might have begun at that time, however when this did not take place, I began looking for the number 41 elsewhere on the timeline.

As always, the Holy Spirit has withheld such convergences on the *Clock* from me until the time arrives for them to appear, which is when I discuss them with my readers.

In my book, we saw how the *Clock* has identified the future Antichrist as the Duke of Cambridge, Prince William Arthur Phillip Louis, the Prince who wages war against the saints in Daniel.

Now I want to show how the number 41 we have talked so much about may mark the year in which the Antichrist comes to power!

We want to look carefully at monograph 6 from Chapter 3 of my book, which is shown below.

Monographs from Chapter 3 – Passover Convergence

This stunning witness to the divine structure of the bible occurred on the morning of the first blood-moon in 2014, converging with the eclipse where it fell on the *Clock* at the same hour in real time!

These measurements mark the arrival of both Revelation 12:1 and Psalm 78:13 on the Clock, each passage referring to Passover where these passages overlapped in real time on the morning of April 15, 2014!

Remarkably, this convergence marked the 2014 Passover eclipse using the *same* passage the Psalmist used to memorialize the original Passover in 1313 BC!

Notice that the Psalms passage refers to the first Passover when the Hebrews passed over dry land through the Red Sea during their journey out of Egypt and out of Pharaoh's reach.

In the Revelation passage, reference is made to the woman (Israel) who stands above the moon at her feet while wearing a crown of 12 stars, referring to the twelve tribes of Israel.

The *Man-child* to whom she then gives birth is caught up to God in heaven before the dragon can consume him, just as the children of Israel escaped Pharaoh during the Exodus out of Egypt!

Before we continue, let's go over the math in case it is not entirely clear from viewing the monographs:

Revelation 12:1 = 195th verse of Revelation

Verse 194.82 refers to verse 194 + 82% of verse 195 —
the exact portion of verse 195 where the Passover convergence began at ~5 AM that morning:

Daniel's prophecy key = 2,520 / 404 Revelation verses

$2,520 / 404 = 6.2376$ (time increment per verse)

$6.2376 \times 194.82 = 1,215.214$

Clock Start Date (SD) = December 17, 2010

Dec. 17, 2010 + 1,215.214 days = April 15, 2014 ~5 AM

Now let's measure the corresponding Psalms passage using the Daniel key:

Psalms 78:13 = 1187th verse of Psalms

Verse 1186.76 refers to verse 1186 + 76% of verse 1187 —
the exact portion of verse 1187 where the convergence began:

Daniel's prophecy key = 2,520 / 2,461 Psalm verses

$2,520 / 2,461 = 1.02397$ (time increment per verse)

$1.02397 \times 1186.76 = 1,215.214$

Clock Start Date (SD) = December 17, 2010

Dec. 17, 2010 + 1,215.214 days = April 15, 2014 ~5 AM

This monograph is also the *Man-child* matrix discussed in the August 14, 2019 update found under "*Critical Clock Alerts*," which I encourage you to read.

The fact that Passover in 2014 converged with the birth of the *Man-child* where it fell on the *Clock* in Revelation Chapter 12 just 48 hours after the eclipse affirms the birth of the 144,000 Hebrew Princes on that day!

Woman Gives Birth to Man-Child in Revelation 12:2

This amazing convergence in the AM layer of the *Clock* has the divine witness of two books of scripture that were written over 1,000 years apart!

It was in January, only a few months ago, that that the Holy Spirit heightened my awareness regarding the number 41.

He alerted me to the fact that Prince William, who was currently 39 years of age, would become the age of 41 in the Summer of 2023!

In the weeks that followed, my eyes were opened to all the remaining numbers I had been shown — including the numbers 101, 153, and several others we will be addressing soon.

153 Fish – A Prophecy for Harvest

While I had hoped that the conclusion of 41 Golden Jubilees in the summer of 2019 would bring us to *Critical Mass* that year, I now realize that the number 41 pertains to the age of the Antichrist in 2023!

Antichrist stands with Israel's Benjamin Netanyahu

All the numbers that intersect with the *Clock* (not just the number 41) show William's rise to power after his 41st birthday.

This does not mean William must step into his biblical role the same year that he turns 41, as he will also be 41 years of age in the first half of 2024.

We should further be prepared for these events to occur near the *Clock* end date in 2025 in the event that Critical Mass is delayed.

While the birth of the Man-child converged with a rare blood moon where Revelation 12:1 fell on the *Clock* in 2014, the opening of Revelation 13:11 announcing the rise of the Antichrist fell only months later in August of the same year.

One of these prophecies has been fulfilled, while the other has not.

An additional 3,129 days — 12 prophetic hours and almost nine years — have brought us once again to this critical juncture in time where I believe all the events of Revelation 13 will occur!

Several weeks after Revelation 13:11 opened on the *Clock* in August of 2014, Barack Obama met with Prince William in an unscheduled meeting after Rosh Hashannah on the 25th of September.

Rosh Hashanah will once again fall on this date in 2022, a reprisal of Prince William's conception at the start of the Jewish new year — 269 days prior to his birth on the Summer Solstice and this time marking the year he turns 41!

Here is the math for the opening of Revelation 13:11 on the *Clock* in 2023:

$\text{Dec 17, 2010} + (2,520 / 404) \times 221 + (2086 / 480) \times 720 = \text{Apr 20, 2023}$

[Note: We use the Daniel Key to measure the text of Revelation. The number 221 refers to the end of Revelation 13:10, where Revelation 13:11 (verse 222) begins. The addition of 720 Clock minutes moves us 12 hours ahead into the PM layer of the Clock.]

The date of April 20, 2023 marks the beginning of verse 222, which opens that day before closing 6 and a quarter days later on April 26.

Note that I previously measured from the center of this verse before learning of a solar eclipse that will begin where this passage opens on the *Clock!*

Consequently, we want to focus on the early portion of the *Watch* window at the start of this six and a quarter days where it begins on April 20, 2023.

Incredibly, April 20, 2023 is the date of a total solar eclipse that begins at 9:30 PM Eastern Daylight Time on the 19th and ends at 2:59 AM Eastern (10 AM Jerusalem time) on the morning of the 20th!

This is just two hours (Jerusalem time) before Revelation 13:11 opens on the *Clock!*

We should be prepared for this celestial event to mark the arrival of the Antichrist, just as the convergence of the Passover eclipse marked the birth of the Man-child in April of 2014.

It may be during this eclipse that the Antichrist will make his first appeal to the global community following a near-fatal head wound to the first beast, which the *Clock* has identified as Barack Obama.

Shortly afterward, the Antichrist will call for the “image” to be created — a robotic facsimile of the disabled first beast, equipped with synthetic speech, and after that the *MARK*.

All the numbers that intersect with the *Clock* (not just the number 41) show William’s rise to power after his 41st birthday.

This does not mean William must step into his biblical role the same year that he turns 41, as he will also be 41 years of age in the first half of 2024.

We should further be prepared for these events to occur near the *Clock* end date in 2025 in the event that Critical Mass is delayed.

I know that these time measurements can be confusing, so let’s sum up what we have covered in this important Update:

- 1) The early events of Revelation 13 may occur inside a three month window in the Spring of 2023.
- 2) We may not reach fulfillment until the year 2024 in the second half of William's 41st year.
- 3) We should be prepared for a later fulfillment window nearer the Clock end date in the year 2025.

I pray this message has been a blessing to you as we continue to Hear what the Spirit is saying to the churches:

“Behold, I come quickly!” (Rev 3:11)
