THE BIRTH OF THE MAN-CHILD

PART 1

Friends, our passage out of the black ring on the *Clock* before the events of Revelation 13 means we may be moving past an 80 year generation before these things occur.

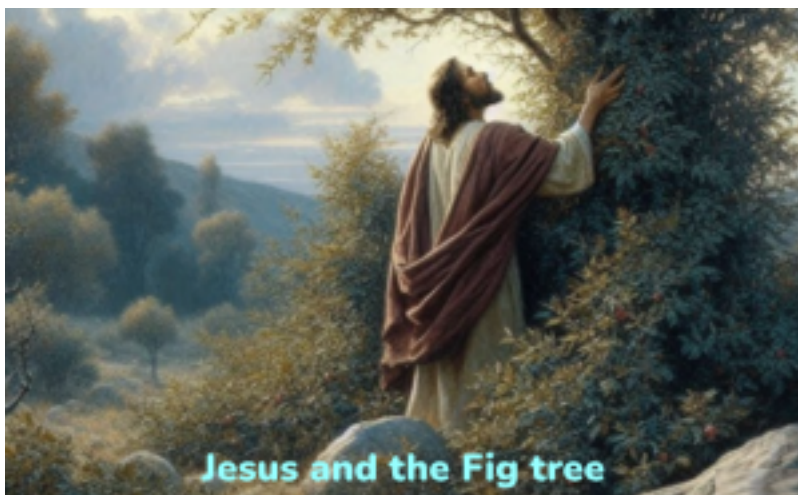

The lunar cycle and the solar cycle both play a role when measuring 80 years from Israel's rebirth, but since the word

genea in the New Testament may be used for any number of time periods, there is no exact measurement for us to rely upon.

We may, in fact, exceed an 80 year period before the takeover of the nations by Christ, however in this Special Update I will share *Clock* measurements to show his rule over the earth beginning in 2027!

We begin by reviewing what Jesus said in this passage from the Gospel of Matthew:

“Now learn a parable of the fig tree; when his branch is yet tender, and putteth forth leaves, ye know that summer is nigh: So likewise ye, when ye shall see all these things, know that it is near, even at the doors. Verily I say unto you, This generation shall not pass, till all these things be fulfilled.” (Matt 24:32-34)

The Greek word, “genea” (G1074), according to Strong's Concordance, may refer to a period of time as brief as 30 years or as long as a human lifespan.

Jesus added that this final generation would begin with the rebirth of Jerusalem, a reversal of the curse he had placed upon

the fig tree a short time earlier when he prophesied the destruction of Jerusalem.

It was one generation afterward that Rome's Emperor Hadrian would remove every stone beneath the temple and the city in 132 AD, exactly as Jesus said.

Note that this also marked the start of the great diaspora, a scattering of the Jews among the nations when false Messiah Simon Bar-Kopka led a bold revolt against Rome, which Jesus also foretold.

Much of what Jesus said about future events occurred just one generation after his death and resurrection.

It is my understanding that our final *genea* began with the rebirth of the Jewish state and I believe its duration may be found within the event timeline of the first century.

I encourage you to read the introduction of my book explaining the significance of May 11, 1942, when David Ben-Gurion declared the rebirth of the modern Jewish state, and how this date was spoken to me during a visitation of Christ in the Spring of 2010.

Let's look at the period of time between the Lord's death and the destruction of Jerusalem for a possible clue that may help us understand the time we have before his return:

132AD – 30AD = ~101 years

Due to the fact we cannot know exact dates for these events, we are counting one half year on both ends, giving us a period of 101 years.

My own exhaustive study has led me to believe that Christ was born in the year 3 BC, thus the Lord's age of 33 years at the time of his death in 30 AD.

I have mentioned the importance of the number 101 for me personally in an earlier update, but in this message, I want to explore another calculation pertaining to the birth of the *man-child* in Revelation Chapter 12, and his adult life in Chapter 14.

In the following section, we will see how this period of about 101 years could be the duration of our final generation before it has been shortened, as Jesus promised to do in Matthew 24:22:

"...but for the elect's sake, those days shall be shortened." (Matt 24: 22)

I believe our final generation will conclude with the takeover of the nations during a period of exactly 13 years, and in the next segment, I will explain why I believe we are already near the mid-point of this 13 year period!

PART 2

In a past message, I shared a personal revelation regarding the hour and minute of my birth where it fell on the Clock in the year 2014.

My time of birth on April 17 that year synced perfectly to the birth of the man-child in Revelation 12:2, where it fell on

the *Clock* at the same hour and day.

I did not attempt to explain this to my readers at the time because I didn't understand why it had happened, however after we moved past the black ring on the *Clock*, I was led to share this with you for the purpose of this message.

Let's begin by looking at the math::

Dec 17, 2010 + ((2520 / 404) x 194) = April 10, 2014

[2,520 is used in the Daniel Key to measure time in the book of Revelation; the number 194 refers to the final verse of Revelation 11, where Chapter 12 begins; this is according to the Lord's instruction to me during a visitation in my home in the Spring of 2010.]

This reveals to us that on April 10, 2014 we entered Revelation Chapter 12, which describes a woman in heaven who wears a crown of 12 stars before giving birth to a *man-child*.

Historically, we view the *man-child* as representing the Lord Jesus Christ, who escaped the murderous King Herod who sought desperately to kill him.

We also know this passage to be a prophecy for the *man-child* found in Revelation Chapter 7, which describes a group of 144,000 Hebrew male children taken in equal numbers from the twelve tribes of Israel.

“And I heard the number of them which were sealed: and there were sealed an hundred and forty and four thousand of all the tribes of the children of Israel.” (Rev. 7:4)

The word for *children* here is the Greek word *huios* (G5207), meaning a firstborn male, and John further amplifies this

description when he describes their birth using the term “*man-child*” in this passage:

“And she brought forth a man child, who was to rule all nations...” (Rev 12:5)

In Revelation 2:26, we read that Christ will rule the earth with those to whom he “*gives power over the nations.*”

This passage points to the 144,000 Hebrew Princes who are now being prepared to take over the nations at the return of Christ!

The 144,000 are further described in Chapter 14:

“These are they which were not defiled with women; for they are virgins.” (Rev 14:4)

It should be obvious that an infant must grow to sexual maturity before the trait of virginity can become meaningful, thus it cannot be applied to newborns.

We now want to see how Hebrew culture views the early life of male children as they move into adulthood.

Under Jewish law, the male becomes an adult at 13 years of age, at which point he attains bar mitzvah, meaning accountability.

This age threshold is marked by a religious ceremony dating back thousands of years, and it continues to be a hallmark of Jewish life today.

Put simply, a Hebrew male cannot become a virgin until he reaches 13 years of age.

We are about to make a quantum leap forward in our understanding of the prophetic timeline as the mission of the Man-child unfolds during the 7 Trumpets of Revelation!

If you have explored the website, you have probably seen the *Clock* Introduction page where a number of dates are listed including a brief commentary after each.

The first of these dates is April 6, 2012.

I need to share exactly how this mark in time came about in order to explain where the Man-child appears on the timeline.

In the Fall of 2006, I was given the first audible message pertaining to this end time outreach, and the words spoken to me on that October evening were:

“Thirteen days out of 2,000 days.”

While I did not record my experience at the time nor understand its meaning, I later archived this date to the website without explanation.

This occurred before the visitation I experienced in 2010 and two years before I received a second audible message noting the importance of the year 1942 in modern Jewish history.

The next day, I calculated 2000 days ahead and found the result to be the day before Good Friday and two days before Passover.

I recorded the result as the date of Good Friday believing this to be its sole significance.

Passover in 2012 took on added meaning after the visitation in 2010 due to the fact that Revelation 6 arrived on the Clock that Summer to mark the opening of the first Seal.

For much of the early part of my ministry, I believed these dates pointed to either the Rapture of the Church or to the rise of the Antichrist!

The words *13 days* remained such a mystery to me that I made no effort to explore it further, which is why I only published the date in 2012 pointing to Passover.

I have waited all these years to understand the significance of these "*13 days*," and now the time has come for the full meaning of those words to be shared with you.

The arrival of *Passover* in 2012 was part of a two-fold fulfillment in which the 7 Seals of Revelation began to open later that Summer, the rider on his white horse assaulting the forces of darkness while remaining invisible to his enemies.

A second layer will soon bring the fullness of his divine retribution when an army of Hebrew princes – the 144,000 – become the sword of his mouth in a visible takeover of the nations followed by the rule of Christ out of Jerusalem!

We can be sure that this divine battle began in 2012 when those guilty of crimes against humanity were exposed and later defeated at the hands of President Trump!

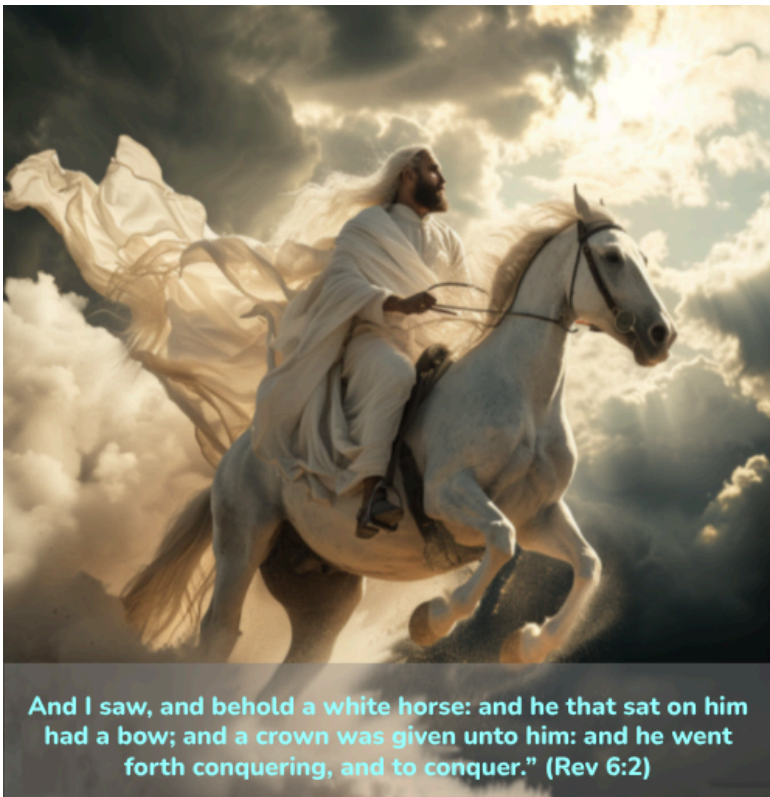

After I was shown the meaning of the words, "*13 days out of 2,000 days*," to also mean, "*13 years out of 2,000 years*," I knew that the promise of the *Man-child's* birth in 2014 would only be realized after he becomes 13 years of age in the Spring of 2027!

While I am not one of the 144,000, my own time of birth at 5:41 AM on my birthday in 2014 occurred at exactly the same point on the *Clock* at which the woman gives birth to the *man-child* in Revelation 12:2!

This end time message is a revelation for the catching up of the *man-child* between the *2nd* and *3rd Trumpets*, events contained in the same mathematical matrix as the head wound to the *first beast* and the rise of the Antichrist, who is the second beast.

Revelation Chapter 12 states that after the *man-child* is caught up in verse five, the woman will be shielded from the face of the serpent for a period of 1,260 days, or 42 months.

Note that at the time this message was written in 2019, I understood there to be just one 42 month period in the book of Revelation. I was later shown that there are indeed two such periods, but more importantly, that the first 42 months (Rev 12:14) began when President Trump signed the Abraham Accords on October 15, 2020. See my final 2024 Special Update for a full explanation.

Let's review the math that shows how the *man-child's* 13 years of growth from infancy to adulthood is related to the year 27 AD (the year Jesus was likely baptized in the Jordan), and to the years 2014 and 2027:

$$27 \text{ AD} + 2,000 \text{ years} = 2027 - 13 = 2014$$

As you can see, a period of 13 years can be subtracted from the larger period of 2,000 years to arrive at the year of the *man-child's* birth in our time!

It is my prayer that you will share this information with others, including your pastor and loved ones while there is still time!

God bless as you continue to Hear what the Spirit is saying to the churches:

“Behold, I come quickly!” (Rev 3:11)
