

Clock of the Four Night Watches

An End Time Prophecy of Jesus Christ!

Rev 10:10,11

Peter John Brandal

NOVEMBER 22, 2024

HALF HOUR OF SILENCE BEGINS

Friends, in this update, I want to share how actions taken by Donald Trump near the end of his first term point to the opening of the 7th Seal in the Spring of 2025!

On the night of November 18, I was shown a Clock measurement revealing that we entered the half hour of silence in heaven on the 5th of November.

The nation of Israel is our focal point for this measurement, which is fitting because the Jewish state plays a key role in the return of the Messiah before his rule over the Earth.

In Revelation 12, the woman seeking refuge from the face of the dragon is carried to safety on the wings of an eagle, where she is nourished in the wilderness for three and one half years.

Let's read that passage:

“And when the dragon saw that he was cast unto the earth, he persecuted the woman which brought forth the man-child. And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent.” (Rev 12:13, 14)

I received guidance from the Holy Spirit that this passage refers to actions taken by the United States (represented by the eagle) when President Trump signed the Abraham Accords and brought peace to the Middle East on September 15, 2020.

America's participation in this multi-nation agreement shielded Israel for more than three years before Hamas launched an attack on her southern border on October 7, 2023.

We want to count the time between these two prophetic events:

Oct 7, 2023 – Sept 15, 2020 = 1,117 days

Joe Biden's election just weeks after the signing swept Israel into her time of wilderness, but not before the Accords put forth by President Trump began to sustain peace in Israel for nearly 42 months before war broke out last year!

ABRAHAM ACCORD SIGNING IN 2020

In other words, the Abraham Accords nourished Israel during her time in the wilderness following Trump's departure from office, revealing exactly where this passage belongs on the timeline!

Now let's measure what remains of these 3 and one half years:

1,260 – 1,117 = 143 days

This is exactly the length of the half hour of silence in heaven separating the 6th and 7th Seals, and it completes the three and one half year period of protection to the Jewish state by returning Trump to office exactly 143 days before the Clock end date next March!

The US Presidential election on November 5th not only marks the start of the half hour of silence in heaven, it places the first Trumpet of the 7th Seal near the Clock end date just months from now.

And more importantly, it points to the start of early harvest in the Spring of next year!

As for the head wound to the first beast, this may take place at any time between now and where the Clock ends, however several Clock measurements lead me to believe this will occur sooner rather than later.

One challenge in finding our place on the timeline has been the two hour delay, which has been discussed often in these updates.

Yet another measurement of these two prophetic hours is found in the chart below:

6/18/2023	14972	22119	101.55
6/19/2023	14973	22120	101.56
6/20/2023	14974	22121	101.56
6/21/2023	14975	22122	101.57
6/22/2023	14976	22123	101.57
6/23/2023	14977	22124	101.58
6/24/2023	14978	22125	101.58

PW = 41

+521 days
11/23/2024

This result occurs when adding 521 days, or 2 prophetic hours, to William’s 41st birth day in 2023, giving us a vector only days before Obama’s 666-adjusted birthday!

Some measurements go beyond the scope of this message, but are remarkable for their convergence with key dates on the Clock to affirm we are near all the events of Revelation 13.

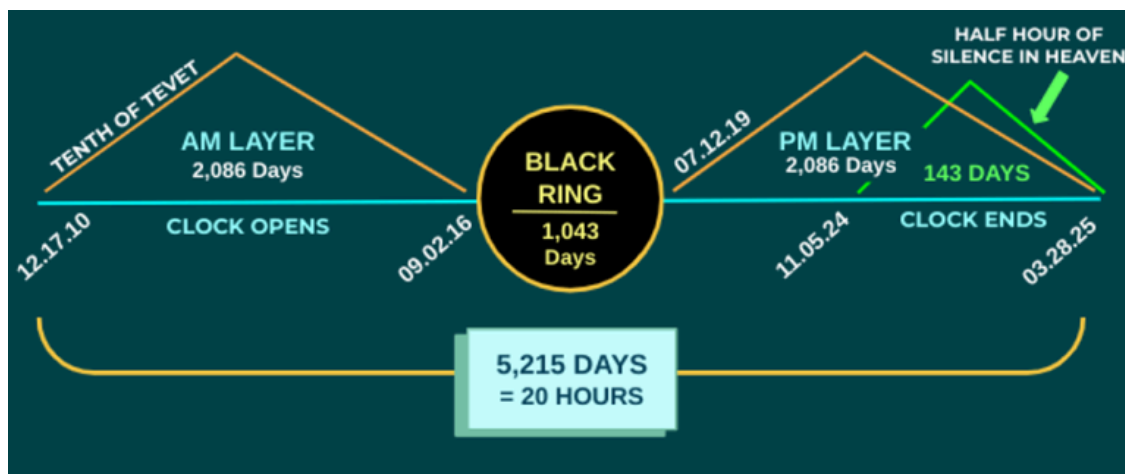

My recent Update titled *The Feast of Dedication* explains how the number 666 was used to guide my work with the Clock and how we know the two hour delay (roughly 17 months) is about to end.

As for the significance of William’s 41st year, this is explained in *The 7 Thunders of Revelation* and is the first article linked under “Critical Clock Alerts” from the main page.

There are other amazing facts about the number 41 in Jewish history, which I discuss in the April 20, 2022 Special Update, and I encourage you to read this by visiting the archives.

Whether Critical Mass arrives before or after the holidays, our vigil will carry into the final 12 weeks on the Clock as the early Trumpets mark the start of early harvest.

The chart below shows all 5,215 days of the Clock timeline, but because the half hour of silence is only 143 days long, that portion of the graph is not to scale.

The 143 day span that began on November 5th is our main focus because Revelation 13 opens within this half hour of silence in heaven!

As you can see, the graph covers 20 hours of prophetic time including 1,043 days that separate the AM and PM layers, a feature of the Clock I refer to as the “black ring.”

While the black ring was shown to me in the vision, it has been a mystery to me for most of the last 14 years.

This did not change until early 2021 when I was told to begin measuring time in a final or PM layer on the Clock, which led to the revelation of the 7 Thunders, also published that year.

As you know, we can’t measure time in the “black ring” because the Daniel Key only counts time until the final passage in each layer, which is the middle of Revelation 19:15.

The question remains as to whether a final “black ring” period of 1,043 days will follow the Clock end date next year.

If that is the case, then 2028 may be the year in which the temple is completed, or the year the Antichrist is defeated, bringing this prophecy to a close after a full 24 hours of prophetic time!

Since this may be the final Clock measurement we see before reaching Critical Mass in the days ahead, I hope you will share what you have learned with others.

Let’s look at another passage in Revelation that is nearing fulfillment:

“And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people...” (Rev 14:6-8)

This passage continues by saying that a second angel will declare the fall of Babylon, the result of a massive “burning mountain” (Rev 8:7,8 / 18:1-10) or meteor, that I expect to strike near Rome in the Spring of next year, destroying one third of Europe.

I have wondered if the angel who preaches to the Earth’s inhabitants will use Elon Musk’s StarLink network once the 7th Seal has opened due to other media platforms being confiscated by the globalists.

In light of our place on the timeline, I am preparing a mailing to hundreds of churches throughout the United States, to help others learn about the Clock Prophecy.

I would like to encourage my readers to share this little flyer with churches in your own area, or with anyone you may feel led to.

You can use the ministry email (theclockprophecy@usa.com) to provide me with your physical mailing address and the number of flyers you think you may need.

Lord willing, I will upload an audio alert closer to Christmas and also a final written Special Update by year end.

God bless as you continue to hear what the Spirit is saying to the churches: "Behold, I come quickly!" (Rev 3::11)
