FEAST OF DEDICATION

Friends, the audio podcast has been posted to the articles section below 666 and is synced with this written update.

My discussion of the *Feast of Dedication* is expanded here, so you will want to study both message formats.

The purpose of this latest *Clock* vector is to guide our understanding going forward, as no measurement can give us an exact time of fulfillment.

Whether or not the head wound event occurs before or after the election, the rise of the Antichrist and the start of early harvest are extremely near.

Day 1,456 on the *Clock* was brought to my attention as explained in the podcast, so I won't repeat that here, except to say that it has brought us full circle ten years from the date of a nearly identical *Alert* in the Fall of 2014.

Those of you who are long-time subscribers may recall how day 1,456 in the AM layer fell in the month of December in 2014, and how this number links to the *Feast of Dedication* using the Greek lexicon in Strongs Concordance.

You may also recall that this feast day is observed annually in mid-December by the Jewish Orthodoxy.

This day is a floating memorial, however in the AM layer of the Clock, day 1,456 fell just five days before the *Feast of Dedication* in 2014!

For the corresponding PM vector in the final layer of the *Clock*, we must add 3,129 days to day 1,456, which produces a vector date of July 7, 2023.

Keep in mind that the start date on the *Clock* is the tenth of Tevet in the year 2010, which fell on December 17, yet another important date in Judaism.

While the date of July 7, 2023 appears unrelated to a Jewish observance in the month of December, we must now address the two hour delay I was shown 14 years ago during a vision of this time on the *Clock*.

When we add two hours of prophetic time (521 days) to this vector date, the result is as follows:

$$\text{Dec 17, 2010} + 1,456 + 3,129 + 521.5 = \text{Dec 9, 2024}$$

Remarkably, a two hour jump from July 7, 2023 results in a vector just 16 days before the *Feast of Dedication* in the year 2024!

These measurements are highlighted below in a *Clock* matrix showing both AM and PM layers, followed by a Greek citation in Strong's linking the number 1,456 to this particular feast day.

TOOLS

Pro 17:22 A merry heart doeth good like a medicine: **H1456** but a broken spirit drieth the bones.

A severe wound to the first beast from which he then recovers is foreshadowed in this citation and connects day 1,456 on the *Clock* to both Revelation 13:3 and to the *Feast of Dedication*!

It is my view that this injury to the *first beast* is not likely to occur on the same day as his recovery, thus a period of weeks or even months may separate them.

We now want to look at the verses linked to these *Clock* vectors, which are Revelation 14:5 and Revelation 18:22, for possible prophetic clues they may provide.

Revelation 14 is already behind us on the *Clock*, but because it awaits fulfillment, the two hour delay applies to Chapter 14 just as it does to events in Revelation 13.

Let's read Revelation 14:5 together:

“And in their mouth was found no guile: for they are without fault before the throne of God.” (Rev 14:5)

This passage refers to the 144,000, whose ministry begins almost immediately after the rise of the Antichrist in Chapter 13.

Note that reference is made to the mouths of the 144,000, which has a connection to the second passage of this *Clock* matrix, as we shall see in a moment.

On the *Clock*, we are presently in Revelation 18:10, meaning verse 22 is approaching but cannot be fulfilled until after the two hour delay has ended.

Now let's read Revelation 18:22:

“And the voice of harpers, and musicians, and of pipers, and trumpeters, shall be heard no more at all in thee; and no craftsman, of whatsoever craft [he be], shall be found any more in thee; and the sound of a millstone shall be heard no more at all in thee.” (Rev 18:22)

This verse describes an absence of celebration or singing after two massive meteor impacts, one in Europe and another (possibly) in the northeastern United States, as described in the first ten verses of this chapter.

The voice of harpers will be silent in contrast to the song of the 144,000 described in Revelation Chapter 14 of the same passage.

“And they sung as it were a new song before the throne, and before the four beasts, and the elders: and no man could learn that song but the hundred [and] forty [and] four thousand, which were redeemed from the earth.” (Rev 14:3)

While normal human affairs are quieted during that time, I believe the song of the Hebrew princes will be heard by the saints who await redemption as we enter the harvest!

Another tie-in to this silence is the *first beast* himself, whose disabling wound causes the second beast (Antichrist) to call for construction of a speech enabled image, or facsimile, to compensate for the severity of his injuries!

In other words, it seems that the head wound to the *first beast* will remove his ability to speak!

The image, or facsimile, will no doubt use hi-tech robotics and speech synthesis to address the public from the *first beast's* seat of power in Washington, while the Antichrist will rule from his seat of power in London.

There is also a troubling word in the Chapter 18 passage that we should take note of — that word is *trumpeters*.

This may well be in reference to one or more individuals whose political perspectives are silenced during this time.

Remember that Pharaoh was permitted to do evil and that God's Judgment fell upon Egypt as the Exodus unfolded, just as God's wrath will fall upon the wicked during the in-gathering of the saints!

In closing, while I was surprised to see another two hour measurement on the *Clock*, I do not believe *Critical Mass* must wait until the month of December, as the two hour delay may come to an end at any time!

Share this message while there is still an opportunity to do so as our access to social media will come to an end soon.

God bless as you continue to hear what the Spirit is saying to the churches:

"Behold, I come quickly!" (Rev 3:11)
