

# ***Clock of the Four Night Watches***

## ***An End Time Prophecy of Jesus Christ!***

**Rev 10:10,11**

Peter John Brandal

**JUNE 21, 2021**

### ***THE 7 THUNDERS OF REVELATION***

Friends, this highlighted Special Update provides 7 proofs for the identification of 666 using Microsoft's global date reference system to uncover the biometric data of the individuals who make up the 666 triad.

Microsoft's role was preordained by God to enable us to count the number of the beast (Rev 13:18) before the Antichrist rises to power.

This revelation began shortly after two knocks on my bedroom door in early December, which I wrote about in my closing 2020 update.

I have placed the website rebuild on hold for now to complete the new video, in order to share this information with you as quickly as possible.

The fact we may have only 20 months (or less) before we lose access to the Internet means our opportunity to share the Gospel with others is coming to an end.

Your ability to share this information can make the difference for others who have yet to make a decision for Christ before these events unfold!

---

Once you understand these measurements, the birth date of the first beast (who is not the Antichrist but rather the "image" to which the Antichrist will direct worship) can be made clear.

Please note that values in the early Greek of the New Testament were confined to whole numbers, so a fractional value like .666, or even 66.6, are also forms of the number 666.

Both whole and fractional forms of 666 are the key to identification of the Antichrist and to vector his biometric data, just as our own date and time of birth, representing fractions of a day or hour, make identification unique to each individual.

## **THUNDER 1**

### **HOW MICROSOFT REVEALS THE IDENTITY OF THE ANTICHRIST**

In late March, I was directed by the Holy Spirit to enter the number 666 into a Microsoft computer and to format the result to a date value.

Microsoft uses the reference date, December 30, 1899, to count forward and backward in time based on a user's query, and to complete a search request.

This happens, for example when you look up a bank deposit during a particular month or on a particular day.

The number 666, when formatted to a date value in Microsoft, returns the date, October 27, 1901 – the result of adding 666 days to the reference date.

Immediately, the Holy Spirit urged me to add the birth year, 1982, in combination with 666.

So I entered the number 666.1982 (see illustration below), only to find the result was almost exactly the same — slightly less than 5 hours later on the same October morning in 1901.

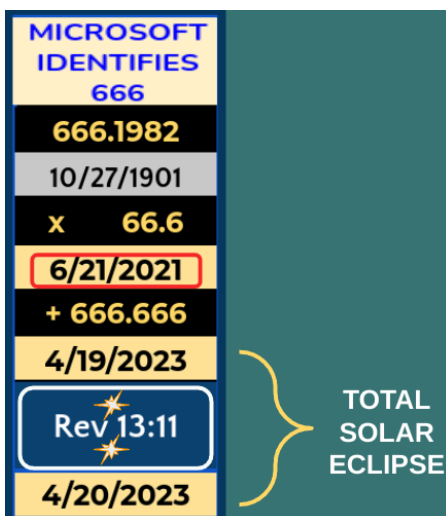

Microsoft multiplies any fractional value by the number of hours in a day in order to provide an exact hour, minute, and second to complete the query.

After what seemed to be a meaningless result, the Holy Spirit prompted me to multiply this new date and time (including the additional 4.7 hours resulting from the use of .1982) in a second iteration of 666, using its fractional form, 66.6.

When I did so, the result was breathtaking.

I already knew that 1982 was the year of Prince William’s birth, however when I saw the result of this second calculation to be exactly the date of his 39th birthday in the year 2021, there could be no doubt this was a result of divine providence.

It didn’t stop there. You can perform exactly the same calculation yourself using the illustration below. Just be sure to use a Microsoft compatible computer.

It is important to understand that use of a fractional value for the year 1982 only produces this result when combined with the number 666, so that even the slightest change to the number 666 alters the outcome!

What happens if we use the birth year of someone else, such as that of Barack Obama?

A simple test will show the same result — the date of June 21, 2021.

Any year in the last century combined with 666 in this way will produce the same outcome — the birth date of Prince William Arthur Louis Philip the Duke of Cambridge — thus affirming the uniqueness of his biometric among world figures!

A third iteration of 666 using its whole and fractional forms combined — 666.666 — when added to the 39th birth day of Prince William in 2021, brings us to April 20, 2023 — the very day that Revelation 13:11, announcing the rise of the Antichrist, opens on the *Clock!*

Remember that the first mention of the second beast, who is the Antichrist, occurs in Revelation 13:11.

This passage fell on Rosh Hashanah in 2014 in the AM Clock layer, as we can show by vectoring the 221st verse of Revelation using the Daniel key:

$\text{Dec 17, 2010} + (221 \times (2,520 / 404)) = \text{Sept 25, 2014}$

Later in this message, I will discuss the role and biometrics of Barack Obama, who is the first beast of Revelation.

In the PM segment of the *Clock*, Revelation 13:11 falls in the early afternoon of April 20, 2023, and will be marked by a total solar eclipse beginning at 9:30 PM in DC on the night of April 19, 2023, and at 4:30 AM Jerusalem time on April 20, 2023.

Depending on one's time zone, this stellar event will begin and end either before or after midnight on the night of April the 19th and the morning of April 20, 2023.

The fact that these convergences link to critical passages where they fall on the *Clock* is a validation of the key codes given to me during a divine visitation in the Spring of 2010!

This means that the earliest year (not the latest) in which the Antichrist may rise to power is the year 2023.

You may recall that in Jewish custom, the period of a mother's pregnancy is attributed to the age of her child prior to birth.

On September 25, 2022, the date of the Jewish New Year, Prince William will reach 41 years of age based on the length of his mother's pregnancy before his birth – a period of 269 days.

The original time vector used to identify the Prince as the future Antichrist was exactly this date in 2014, which also fell on Rosh Hashanah that year.

It also marked the first iteration of Revelation 13:11 at 3:17.2 in the AM layer of the *Clock*.

This time, Revelation 13:11 will arrive at 3:17.2 in the PM layer on April 20, 2023, possibly marking the Antichrist's rise to power before his 41st birthday!

## **THUNDER 2**

### **THE TRUE BIRTH DATE OF BARACK OBAMA**

All the key codes I was shown in 2010 appear in the Microsoft date reference system when using the number 666.

In Chapter 6 of my book, I used *Clock* measurements for Revelation 13:3, 13:11, and 16:13, to identify the first beast as Barack Obama, the second beast as Prince William, and the false prophet as Pope Francis.

In many respects, the most important part of the *Clock Prophecy* has been these three identifications, published in my 2016 book, *The Clock of the Four Night Watches*.

In March of this year, I was directed to calculate the number of the beast in order to show how these identifications can be made using Microsoft date reference system.

This represents a literal fulfillment of the instruction in Revelation 13:18 to “count the number of the beast!”

Incredibly, when we use Microsoft to add the birth dates of the first beast, the second beast, and the false prophet, the result adds to 666!

In this proof, you will see how Microsoft calculates the true birth date of former president Barack Obama.

The numbers in the diagram below show the length of time between the reference date used by Microsoft (December 30, 1899) and the birth dates of all three individuals.

<b>First Beast</b> ("image")	<b>Barack Obama</b> 44th US President	<b>AUG 8</b> <b>1961</b>	Aug 8, 1961 - Dec 30, 1899 <u>22,497</u>
<b>Second Beast</b> (Antichrist)	<b>Prince William</b> Mountbatten-Windsor The Duke of Cambridge	<b>JUN 21</b> <b>1982</b>	June 21, 1982 - Dec 30, 1899 <u>30,123</u>
<b>False Prophet</b> (Vatican)	<b>Pope Francis</b> Jorge Mario Bergoglio	<b>DEC 17</b> <b>1936</b>	Dec 17, 1936 - Dec 30, 1899 <u>13,501</u>
<b>SUM →</b>			<b>66,121</b>

As you can see at the end of the chart, the sum of these values using three separate birth dates — including the birth date attributed to Barack Obama — is nearly equal to the number 666, but not quite.

When we adjust Obama's date of birth so that the Microsoft reference date calculation produces the number 666, we discover his true date of birth in the year 1962!

<b>First Beast</b> ("image")	<b>Barack Obama</b> 44th US President	<b>NOV 26</b> <b>1962</b>	Nov 26, 1962 - Dec 30, 1899 <u>22,976</u>
<b>Second Beast</b> (Antichrist)	<b>Prince William</b> Mountbatten-Windsor The Duke of Cambridge	<b>JUN 21</b> <b>1982</b>	June 21, 1982 - Dec 30, 1899 <u>30,123</u>
<b>False Prophet</b> (Vatican)	<b>Pope Francis</b> Jorge Mario Bergoglio	<b>DEC 17</b> <b>1936</b>	Dec 17, 1936 - Dec 30, 1899 <u>13,501</u>
<b>SUM →</b>			<b>66,600</b>

Note that only the birth date for Barack Obama has changed.

A great deal of other evidence supporting this biometric as the actual birth date of Barack Obama — the date of November 26, 1962 — will be shown in measurements below!

The same counting system that allows us to identify the first beast of Revelation, who is the "image" portion of 666, allows us to identify Prince William as the future King of a ten state EU confederation, thus giving him the figurehead role in 666.

Remember that each individual in the Dragon's triad is only one third of the false Trinity, which 666 will seek to imitate.

As the Father directs worship to the Son, so will the Antichrist direct worship to the "image," even as the False Prophet claims (falsely) to represent Christ on earth.

### THUNDER 3

#### HOW MICROSOFT REVEALS THE DAY AND HOUR OF THE ANTICHRIST'S BIRTH

Three main themes in the Book of Revelation follow a half hour of silence in heaven, which the *Clock* measures as a period of 144 days.

A key event during the 7 Trumpets of Revelation is the catching up of the *Man-child* in Revelation 12, however the *Clock* places this early Rapture immediately after the head wound to the first beast in Chapter 13.

The birth of the *Man-child* occurred at 5:41 AM on the morning of April 17, 2014, near the middle of Passover following a rare lunar eclipse on the 15th, which converged with Revelation 12:1 where it fell on the *Clock* in real time.

The catching up of the *Man-child* is found in verse five of Revelation 12, but in this Thunder I am using the birth event itself, as recorded in verse two.

Specifically, as noted above, I will use the time of 5:41 AM on the morning of April 17, 2014.

With respect to Revelation 13:3 and 13:11, I will use exactly the *Clock* times at which those verses begin. The diagram below shows the result of adding these three *Clock* vectors and the dates associated with them.

REV 12:2 Verse 196+.144	REV 13:3 Verse 214	REV 13:11 Verse 222
280.093 Minutes	305.72 Minutes	317.2 Minutes
AM Layer 04.17.14	AM Layer 08.6.14	AM Layer 09.25.14
PM Layer 11.10.22	PM Layer 03.01.23	PM Layer 04.20.23
903 June 21, 1902		

As you can see, these three *Clock* times add up to the number 903.

When we enter the number 903 into a Microsoft computer and apply the date calculation format, the result is June 21 in the year 1902 — exactly 80 years before the birth of Prince William Arthur the Duke of Cambridge on this date in 1982.

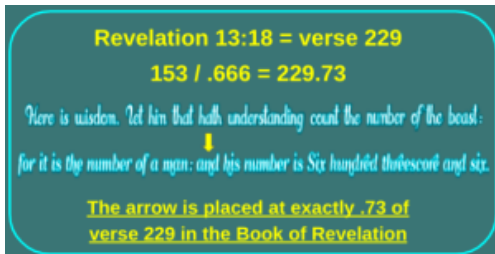

Likewise, we are completing an 80 year solar cycle since David Ben-Gurion's decree

for the rebirth of modern Israel on May 11, 1942, just 137 days before the Antichrist turns 41 next year!

Remarkably, the official time of birth for Prince William is also 9:03 PM on the night of June 21, 1982!

#### THUNDER 4

#### THE NUMBER 153 IN JOHN 21:11 FURTHER IDENTIFIES 666

This proof demonstrates the divine structure of the bible using the numbers 666 and 229 — reciprocal values for the same verse in the Book of Revelation, as no other verse in the bible refers to 666 but the 229th verse of Revelation.

Another important key code is the number 153, representing the number of fish pulled to shore by the disciples in John 21:11, and it is this number that unlocks the mathematical link connecting Prince William and Barack Obama to the number 666!

There is more that we can learn from the number 153, but for now our focus is on the number 229, which refers to the exact location of Revelation 13:18 in the book of Revelation.

Incredibly, the number 229 is also found in the corrected day count representing Barack Obama's true date of birth (November 26, 1962), which was 22,976 days from the Microsoft reference date of December 30, 1899.

The numbers 22,976 and 229.73 are referred to as logarithmic values, meaning they are the same number but on a different scale, despite having slight fractional differences.

This can be demonstrated by two mechanical clocks, which despite having identical mechanisms, may have tiny variances between them.

In this case, that variance is only .013%, or the equivalent of 11 seconds out of one 24 hour day!

Note that a 24 hour day is just 13.8 seconds long on the *Clock*, so any variance of less than 14 seconds falls inside a target window of 24 hours, regardless whether it crosses into another time zone, or splits across two calendar dates at midnight.

In other words, the date of November 26, 1962 is convergent with Barack Obama's true date of birth when using 666, 229, and the number 153 to mark his role in 666!

While the *Clock* uncovers Obama's link to the number 666, the second beast, who is the Antichrist, has an equivalent association using the first mention of him in Revelation 13:11: as shown in the calculation below:

$$30,123 / 1311 = 22.97$$

Here we see the same numeric connection to verse 229 of Revelation when dividing William's Microsoft biometric by the verse reference itself.

This may help you understand why each member of 666 is a proxy for the other, just as each member of 666 is a proxy for the Dragon!

The false prophet's connection to 666 can be found using the 270th verse of Revelation, which is Revelation 16:13, the only passage that refers to him before his destruction in Chapter 19.

Combining this verse reference with Revelation 13:4 (which portrays the first beast receiving worship), and Revelation 13:11 (which gives the first mention of the second beast, who is the Antichrist), requires us to add these three values together.

It also includes the subtraction of the Antichrist's age at the point at which he may begin to fulfill his biblical role — 41.

Before I address the subtraction of the number 41, let's look at the math:

$$215 + 222 + 270 - 41 = 666$$

The result of this calculation before 41 is subtracted is the number 707, which also occurs with the addition of the common verse reference values for these verses, as shown here:

$$1311 + 1318 + 1613 = 4242 / 6 = 707$$

Note that Revelation 13:11 and 16:13 are reciprocal values for verses 222 and 270, indicating their placement in the biblical text.

This calculation, rather than using verse 215, uses verse 229 (Rev 13:18) which cites the number of the beast directly.

The number 707, when entered into the *Clock* and measured by the Daniel Key, remarkably falls on the date of William's birth in the year 2017!

Here is the math:

$7:07 = 10 \text{ O'Clock} + 547 \text{ minutes}$

$547 \times (2086 / 480) = 2377.2 + \text{Dec 17, 2010} = \text{June 21, 2017}$

[Note: this result refers to Hawaii-Aleutian Standard Time relative to New Zealand (GMT+12), thus it falls 2 hours past midnight on the morning of June 21, 2017 in NZ.]

The result of 666 after subtracting 41 in the first operation points to the rise of the Antichrist during or shortly after his 41st year.

It may also point to the destruction of the False Prophet near the start of the Antichrist's tyranny due the destruction of Rome when a large meteor strikes off the southern coast of Italy (Rev 8:8 / 18:1-10).

If the False Prophet is outside of Europe when the 2nd Trumpet occurs, his role may continue until the takeover of the nations by the 144,000 when 666 is defeated!

## THUNDER 5

### THE CLOCK IDENTIFIES BOTH THE FIRST AND SECOND BEAST IN ONE CALCULATION

In Thunder 4, we saw that 153 divided by .666 produces the number 229.7, an exact placement over the words, *and his number is six hundred threescore and six*, in Revelation 13:18.

In this Thunder, we want to multiply these same two numbers, also using the fractional form of .666, as before:

$153 \times .666 = 101.898$

Now we want to add the product of both calculations to see a critical juncture during the 5th hour on the *Clock*, and how it identifies the Antichrist:

$229.7 + 101.9 = 331.6$  (rounded)

The number 331.6 on the *Clock* is exactly the time of 3:31 plus 36 seconds, so we can easily calculate its placement — adding 12 hours of prophetic time to bring us forward to the present:

$\text{Dec 17, 2010} + (331.6 \times (2086 / 480)) + 3,129 = \text{June 21, 2023}$

This result refers to New York time (GMT-4) relative to Jerusalem time, placing this vector at 6:52 PM on June 21, 2023 on the east coast of the United States!

Once again, Prince William's personal biometric is vectored using an iteration of 666, this time to the very year he may step into his biblical role as the Antichrist!

*Equally amazing is that this same calculation gives us the alternate birth date of Barack Obama on November 26, 1962, exactly 12 prophetic hours earlier at the same hour and minute in the AM layer of the Clock!*

Here is the result of vectoring 3:31.6 to the *Clock's* early or AM layer:

$\text{Dec 17, 2010} + (331.6 \times (2086 / 480)) = \text{Nov 26, 2014}$

As in the earlier calculation, this vector refers to New York time (GMT-4) relative to Jerusalem time, placing this result at 6:52 PM on November 26, 2014 on the east coast of the United States.

A completely separate calculation achieves the same outcome (this time without the minor time zone consideration) using 666 and 153 in combination with the number 621, referring to the month and day of the birth of the second beast:

$\text{Dec 17, 2010} + (621 + 666 + 153) = \text{Nov 26, 2014}$   
 $+ 3129 \text{ days} = \text{June 21, 2023}$

In this measurement, I used 621 as an analog for the date of June 21, but in combination with these other bible key codes, the result was exactly the same in the year 2023!

*It is important to understand that these calculations identify both individuals, allowing us to count the number of the first and second beast in one operation!*

Note that 3,129 days is equal to 12 prophetic hours (720 minutes) on the *Clock*, just as eight hours (480 minutes) represents a period of 2,086 days, which occurs in both the AM and PM layers.

Therefore:

$$12 \text{ hrs} = ((2086 / 480) \times 12 \times 60) = 3,129 \text{ days}$$

This period of 12 prophetic hours is how we move forward from one particular hour (and verse) on the *Clock* to the same hour (and verse) in the PM *Clock* layer.

The June 21 convergence appears yet again with an iteration of 153 by the use of John 21:11, the only passage in the bible where it appears, as follows:

$$\text{Dec 17, 2010} + (211.1 \times (2086 / 480)) = \text{Jun 21, 2013}$$

What is especially remarkable about this vector is that 211.1 minutes on the *Clock* is also 1:311 AM, an iteration of Revelation 13:11 when added to the start time on the *Clock*:

$$10 \text{ O'clock (12.17.2010)} + 211.1 \text{ min.} = 1:311$$

Again, Revelation 13:11 gives the first mention of the second beast, who is the Antichrist!

The fact that the personal biometrics of both the first and second beast occur in so many distinct time measurements — whether by iterations of 666 in Microsoft, by use of whole number key codes added together, or by calculating verse reference values like the ones above — affirms the identities of 666 and our place on the timeline!

## **THUNDER 6**

### **HOW 269 LINKS TO ROSH HASHANAH AND THE ANTICHRIST'S 41ST BIRTHDAY**

In Thunder 1, we looked at Rosh Hashanah in 2014 where it fell on the *Clock*, converging with the placement of Revelation 13:11 on September 25 in 2014.

You can read numerous updates since that time for my comments on the meeting that followed when the future Antichrist (second beast) met with Barack Obama (first beast), at the White House only several weeks later.

I was led to the identification of Prince William as the second beast when the Holy Spirit directed me to measure the period of his mother's pregnancy to establish his age according to Jewish custom, which I did in the Spring of 2014.

This required me to know the specific number of days during which the Prince was in gestation before his physical birth, but I would have no way of knowing this apart from divine providence.

My prayer for direction led me to search for the average number of days a mother is pregnant before her child is born.

My search instantly produced an article titled, *The Average Period of Pregnancy in a Mother of Two Sons*, an amazing find since Diana was in fact the mother of two sons!

I knew immediately that the Holy Spirit had placed this publication in front of me, and it remains the only article on this topic I have read before or since this finding was published.

The answer provided in the article was 269 days, a period of time that did not seem unusual to me, however I would remain unaware of its connection to Microsoft's global date reference system until the early Spring of 2021.

When I subtracted 269 days from the 33rd birthday of the Prince in 2015 (performing this calculation in the Spring of 2014 just weeks before the arrival of Revelation 13:11 in September of that year), I was stunned by the result.

The date resulting from this calculation was September 25 in 2014, exactly the first day of the Jewish New Year (Rosh Hashanah) and exactly the calendar date marking the arrival of Revelation 13:11 on the Clock!

Perhaps more remarkable is the fact that Microsoft itself vectors the number 269 to the date of September 25 — the result of adding 269 days to its global reference date:

Dec 30, 1899 + 269 = September 25, 1900

The second iteration of Revelation 13:11 on the *Clock* will fall on April 20, 2023, however Prince William will reach his 41st year of life on September 25, 2022, the date of Rosh Hashanah that year.

Despite these measurements, I cannot say with certainty that the Prince will rise to power in 2023, only that I expect this to occur following the solar eclipse on April 20, 2023.

This eclipse will occur inside a 50 day window of time that marks the most remarkable measurement yet to be revealed by the *Clock Prophecy* and revealing the 7th Thunder of Revelation!

## THUNDER 7

### THE MYSTERY OF 101 AND HOW IT MARKS THE AGE OF THE FIRST AND SECOND BEAST

The number 101 in the vision I received in 2010 was so heavily featured that I felt we might reach *Critical Mass* on the *Clock* with the publication of my 101st video, or after 101 months had passed from the *Clock* start date!

The 101 video milestone was reached in 2019 (as was the passage of 101 months counting from December 17, 2010), but we did not reach *Critical Mass* that year as I had hoped.

We also did not reach *Critical Mass* with the conclusion of 41 Golden Jubilees in 2019, and it was then that I realized the mystery of these two numbers — 41 and 101 — would not be resolved for perhaps several more years.

A few months ago in the month of December, I began to experience the Lord's presence in a manner reminiscent of the 2010 visitation, and in March it so powerfully overshadowed me that I could only sleep for brief periods of time.

I was drawn over and over to the mathematics of the *Clock*, and in particular to the number 258, which became my sole focus under a divine move of the Holy Spirit.

The importance of *Clock* time 258 (as shown to me in the vision) was affirmed when I saw that its placement in the PM layer would occur in early 2023 just before the head wound in Revelation 13:3, where it would repeat in early March of the same year.

In other words, these dates would fall exactly 12 prophetic hours (3,129 days) after their original *Clock* placements in the summer of 2014.

I was prompted to create a set of updated spreadsheets using the same *Clock* measurements as before, but with an added emphasis on a final or PM layer of the *Clock*.

I would later refer to the AM segment on the *Clock* as the “early layer,” and to the PM segment as the “final layer.”

We came to 12 Noon on the *Clock* on December 14, 2020 just 11 days after the angel knocked twice on my bedroom door, but it was not at all clear to me what was about to happen.

In March of 2021, a massive revelation began to unfold before me in which all of these numbers began to appear on the *Clock*, such that all the events I had previously seen only as fragments of a much larger picture were now connecting.

The Daniel Key vectors the Antichrist's rise to power in Revelation 13:11 to the week of April 20, 2023 (each verse being equal in time to 6 and quarter days), however this prophecy may not be fulfilled until after the Prince becomes 41 on the Summer Solstice.

Regarding the mystery of the number 101, it marks the combined ages of the first and second beast — Barack Obama reaching 60 in late 2022, and Prince William reaching 41 on Rosh Hashanah (in Jewish custom) the same year!

The charts below will help you understand how the 101 year combined-age window of time connects the first and the second beast to the opening of Revelation 13:11 in the Spring of 2023.

BARACK OBAMA 11.26.1962	10.25.2022
	59.9 years old
<b>101 YEARS</b>	
PRINCE WILLIAM 09.25.1981	41.1 years old

Here we see that Barack Obama, based on his 666-adjusted date of birth, will reach 60 years of age on November 26, 2022.

Prince William, based on his connection to Rosh Hashanah as described earlier, will reach 41 on September 25, 2022.

Their combined ages will reach exactly 101 years on the date of October 25 in 2022!

With each passing day, their combined ages are increasing by two days, therefore the 101 year window is only open for a six month period of time, as shown here:

BO: 11.26.62 PW: 09.25.81	Year 101 opens	Year 101 closes
	10/25/2022	4/26/2023 REV 13:11
 6 month window		

Incredibly, the 101 year window opens 30 days after Rosh Hashanah in 2022 and

closes on exactly the last day that Revelation 13:11 occupies the *Clock*, where it concludes on April 26, 2023!

An equivalent measurement based on the Antichrist’s physical birth in June of 1982 reveals why the 101 year window connected to Rosh Hashanah may bring us to the key events of Revelation 13 in the Spring of 2023.

BO: 11.26.62 PW: 06.21.82	Year 101 opens	Year 101 closes
	3/8/2023 REV 13:3	9/7/2023
6 month window		

In this chart using his physical date of birth, we see that a 101 year window opens on the last day that Revelation 13:3 (the head wound event) occupies the *Clock*, where it concludes on March 8, 2023.

Note that Revelation 13:3 concludes at 8:30 PM on March 7, 2023, a time vector that on the east coast of the US occurs at 3:30 AM Jerusalem time on the morning of March 8, 2023!

What follows is a breathtaking culmination of the 7 Thunders to show why I believe we are at the precipice of all the events of Revelation 13!

101 Overlap using both Rosh Hashanah and June 21 birth vectors	Late 101 Open	Early 101 Close
	3/8/2023 (Rev 13:3)	4/26/2023 (Rev 13:11)
Same 50 day window		

The above chart shows a 50 day overlap between the late 101 opening on March 8, 2023 and the early 101 close on April 26, 2023 — a 50-day window of fulfillment in which both 101 measurements and the 214th and 222nd verses of Revelation converge!

Again, this overlap – which falls between the head wound passage (Rev 13:3) and the arrival of the Antichrist in Revelation 13:11 – is exactly the same 50 day window of time indicated by the Daniel key within this portion of the text!

Here is the proof:

$$222 - 214 = 8 \times (2,520 / 404) = 49.9 \text{ days}$$

[Note that Rev. 13:3 and Rev. 13:11 are the 214th and 222nd verses of Revelation, a sequence of 8 verses]

Here is how we know where these verses fall on the calendar:

$$12.17.2010 + (214 \times (2520 / 404)) + 3129 = 03.07.2023$$

$$12.17.2010 + (222 \times (2520 / 404)) + 3129 = 04.26.2023$$

[Note: Whole verse reference numbers (ex. 222) provide a closing date for that passage. The prior verse reference (ex. 221) provides its opening date.]

Let me reiterate the significance of this astounding measurement:

The 50 day window between Revelation 13:3 and 13:11 is the same as the 101 overlap window when using both the physical date of birth and the Rosh Hashanah conception date of the future Antichrist!

This degree of convergence has never before happened on the Clock, and it is the precision of this measurement (and where it occurs in the text) that affirms the brevity of time we have remaining.

Yet another remarkable measurement appears between the two open dates for the arrival of the 101 year marker:

PERIOD BETWEEN THE TWO OPENS	101 early open	101 late open
	10/25/2022	3/8/2023
	134 days = 31 min	
"And when he had opened the 7th seal, there was silence in heaven about the space of half an hour." (Rev 8:1)		

In Revelation 8:1, the half hour of silence occurs just before the first trumpet of the 7th Seal, followed by a massive meteor that violently strikes the sea near Rome.

The Clock vector shown here places this period of silence at exactly the same point in time — just before a deadly head wound to the first beast and the rise of the second beast, who is the Antichrist!

Note: While the half hour of silence is foreshadowed by this earlier measurement, we later come to understand that the final 144 days of the Clock prophecy marks this half hour of silence that began with President Trump's re-election on November 5, 2024!

Keep in mind that the Clock measures a period of 2086 days from December 17, 2010 to September 2, 2016 using 480 minutes (8 hours) of prophetic time, as well as a time increment for each verse of Revelation using the Daniel key, as shown here:

$2,520 \text{ days} / 404 = 6.237 = \text{number of days in each verse}$

We also know the time increment for each minute on the *Clock* by dividing 480 minutes of prophetic time into 2,086 days:

$2086 / 480 \text{ minutes} = 4.346 = \text{number of days per minute}$

I encourage you to review all these measurements using the Daniel Key for yourself, as this may help in your efforts to understand the urgency of this end time message!

---

I continue to be astounded at the divine structure of the text of the Bible, which gave birth to the Clock Prophecy during a divine visitation in the Spring of 2010.

The 7 Thunders reveal the identity of 666 in fulfillment of Revelation Chapter 10 verses 4 to 11 — a message to the Church that marks the return of our Lord and Savior and his takeover of the nations!

It is my prayer that you will share this news with others while you still have time...

Eternally yours,  
Peter John Brandal
