Friends, this is a Clock Prophecy Alert for August 9, 2025

Before we reach a possible cataclysmic shift later this month, I want to share with you a lexicon study using the Clock time corresponding to the two hour and 58 minute lapse since the vector date we talked about earlier.

Clock time 6:33 will take us to the third week of August, whereas each minute on the Clock is equal to four and a third days.

In the AM Clock layer at this point, we had moved from Trumpets in 2016 into the new year, whereas we are now approaching the start of the new Jewish year at Trumpets in September, having entered what I call the Black Ring on the Clock.

When we look at the number 633 in Strong's concordance, we find a remarkable tie-in to the book of Daniel that may point to the arrival of Critical Mass this month.

First, the Hebrew word linked to 633 is *esar* which means *decree*, but more specifically, a decree of interdiction, or a decree that restricts something or someone.

This word appears just 7 times in the Old Testament, and always in the book of Daniel.

Our focus verse for this time study is Daniel 6:12, which will be familiar to those of you who have studied the life of Daniel.

The first thing we might notice is that 612 is a kind of anagram for the number 6--2-1, or the birth metric for the Antichrist who was born on that date in 1982.

Let's read this passage now:

"Then they came near, and spake before the king concerning the king's decree; [saying] Hast thou not signed a decree, that every man that shall ask a petition of any God or man within thirty days, [except for thee...], O king, shall be cast into the den of lions? The king answered and said, The thing you say is true, according to the law of the Medes and Persians, which altereth not."

So in this passage referring to King Nebudchadnezar, the most well defined Antichrist archetype in scripture, Daniel and his three Hebrew companions are about to be arrested, and likely put to death.

This is exactly what President Trump seems to be facing due to indictments against the Deep State, whose dark forces have sought every means possible to eliminate him.

For years I have talked about the link between Britain and America and how London will be the seat of power for the Antichrist, while the robotic facsimile or image of Obama will be seated in Washington.

The globalists are fully convinced they are in control despite having failed to remove Trump repeatedly and will soon take more desperate measures.

Nothing will happen that God does not permit, and we know that God is using President Trump to force the Antichrist out into the open.

Now looking at this same number in the Greek, we find a word that means *wash*, or more specifically, it is the act of *washing oneself off*.

This word appears only once in the New Testament and is found in Matthew 27:24, where Pilate washes his hands to declare the innocence of Jesus as the crowd below calls for his death.

In the Strong's Greek entry I also noticed a link to Thayer's lexicon pointing to the equivalent Hebrew word for *wash* with a citation of Deuteronomy 21:6.

Again we find an anagram for 6-2-1, so let's read that passage:

"And all the elders of that city, that are next unto the slain man, shall wash their hands over the heifer that is beheaded in the valley..."

This passage is highly prophetic, its theme of death clearly attached to the word in Strong's linked to 633. We can easily imagine what prophetic fulfillment may be foreshadowed in this passage relating to events in the book of Revelation.

Regarding a September Rapture, if this doesn't take place as many are expecting, an exodus at our appointed times in a divided harvest will become more apparent.

My new song about the two olives trees is now posted to the Songs of Prophecy page. The August written update will be uploaded later tonight.

God bless as you continue to hear what the Spirit is saying to the churches:

"Behold, I come quickly!"
