

OCTOBER 7, 2023

LATE IN THE THIRD WATCH

Friends, as the Feast of Trumpets comes to close, hopes for the removal of the Church between Rosh Hashanah and Yom Kippur have been high.

My readers know that I teach the four part harvest of Matthew 20 and that the harvest must begin in the Spring with an in-gathering of the first fruits.

The Feast of Trumpets converges with the in-gathering of grapes in late Summer or early Fall and represents the dead in Christ.

It isn't surprising that the resurrected saints would require 100 trumpet blasts since Group 3 of the in-gathering is by far the largest!

Only after the 144,000 Hebrew boys (Rev 14:4) are caught up in the Spring, however, can a Summer and Fall harvest begin!

The Church saints are represented by wheat and are to be gathered in the Summer months.

Wheat represents Group 2 of the harvest and is the second Rapture group for those called to the wedding, as we find in the parable of the ten virgins in Matthew 25.

Those called instead to the marriage Supper (Rev 19:9) must wait until Jesus returns from the wedding as stated in Luke 12:36.

It is interesting to note that Rosh Hashanah this year fell before the start of Fall, while next year all Ten Days of Awe will occur after Summer ends.

A final Rapture group, represented by olives, are gathered during Winter, which is why Jesus said we should pray that our flight not be in Winter, as no one wants to be last!

A tremendous affirmation of our place on the timeline is the arrival of Revelation 14:18 on the Clock during the Ten Days of Awe between the 15th and 25th of September.

We will enter Revelation 14:18 tomorrow (Sept. 23) as you will see after the weekly Clock time update later tonight.

Let's read that verse together:

“And another angel came out from the altar, which had power over fire; and cried with a loud cry to him that had the sharp sickle, saying, Thrust in thy sharp sickle, and gather the clusters of the vine of the earth; for her grapes are fully ripe.” (Rev 14:18)

The placement of this passage during FOT shows how the grape harvest is seasonally matched to the Clock and why I was hopeful for the start of harvest in early 2023.

Jesus appears to the disciples in the 4th Watch of the night

At the same time, we will not enter the 4th Watch in the PM layer of the Clock until October 23, 2023.

As for the dead in Christ, their in-gathering must wait until the year in which harvest begins, thus we are watching for the start of early Rapture next Spring, just before the 41st year of the Antichrist ends!

Since no one knows the day or hour, I cannot say for certain that 2024 must be the year in which harvest begins, however measurements on the Clock tell me this is the case.

I want to discuss two points that I may not have the luxury of sharing in the weeks ahead as the globalists censor our voices in the media in advance of a more dramatic Internet shutdown.

Russel Brand and James O'Keefe are the latest casualties of Marxist censorship following the expulsion of Carlson Tucker in April, and Internet access (or selective site censorship) may be next.

There are only two remaining measurements on the Clock that give us a fulfillment window for the final 8 chapters of Revelation after the catching up of the Man-child in Revelation 12:5.

The first of these is the end of William's 41st year on June 21, 2024 just nine months from now.

The second is the end date on the Clock in late March of 2025 where the harvest itself may come to an end.

I expect Critical Mass to occur by the Spring of 2024, however Clock measurements may point to a longer period of Watch as the Clock end date approaches.

Only time will tell.

📺 Our Ancient path revealing our Prophetic future! - Return of the Kingdom Episode #1

The video above is the best overview of Jewish history in an abbreviated format I have seen, and I believe it will bless you.

Israel's first Prime Minister, David Ben-Gurion, and other key figures, such as President Truman, are highlighted for their remarkable role in these historic events.

I want to point out that in Ezekiel 20:34, a latter day assault was prophesied upon the Jewish people not fulfilled until the second World War during the 1940's.

While this particular Ezekiel passage is not referenced in the video, it marks a historic contrast to the period of Israel's restoration by the later prophets.

The introduction of my 2016 book explains the importance of Ben-Gurion's declaration on May 11, 1942 to open the gates of Palestine for the Jewish people.

This was the date spoken to me audibly by an angel in the month of May in the year 2008, before I actually knew the modern history of the holy land!

We have now entered the prophetic period prophesied by Hosea and Amos in two key passages, also found in my article on Israel from the main page.

Let's read these passages together:

"For the children of Israel shall abide many days without a king, and without a prince, and without a sacrifice, and without an image, and without an ephod, and without teraphim:

Afterward shall the children of Israel return, and seek the Lord their God, and David their king; and shall fear the Lord and his goodness in the latter days." (Hosea 3:4,5)

"Behold, the days come, saith the Lord, that the plowman shall overtake the reaper, and the treader of grapes him that soweth seed; and the mountains shall drop sweet wine, and all the hills shall melt.

And I will bring again the captivity of my people of Israel, and they shall build the waste cities, and inhabit them; and they shall plant vineyards, and drink the wine thereof; they shall also make gardens, and eat the fruit of them.

And I will plant them upon their land, and they shall no more be pulled up out of their land which I have given them, saith the Lord thy God." (Amos 9:13-15)

These prophecies say that once restored, Jerusalem will never again be divided nor its people scattered to the nations.

By this we know that temple desecration by the Antichrist is not the meaning of Daniel 9:27, and that Rome's Titus was the figure responsible for its destruction in 70 AD, bringing about the great Jewish diaspora.

The majority of bible teachers today are confused by this history and teach that Zion will be destroyed yet again, that the land will be divided, or the Jews scattered, before Jesus returns.

Bible prophecy teachers are everywhere in social media declaring words they have not been given, but the words of the prophets are a rebuke to them.

Remember that a flood of deception against the woman (Israel and the Church) will continue for a time, having been foretold in Revelation 12:15.

With the arrival of Yom Kippur on September 25, also known as the Day of Atonement, let us remember the remarkable gift of God's Son, who was sacrificed not only for the sins of Israel, but for the sins of all humanity.

The arrival of Sukkot on September 29 is a reminder that Christ will return during this Feast (Tabernacles) in a future year to fulfill the 7th and final moedim.

We Watch for that fulfillment as early as 2027 due to the Man-child reaching maturity at the age of 13 in 2027.

Shortly we will look at an upcoming solar eclipse in October and another in April of next year that may signal the rise of the Antichrist and the start of early harvest!

The final 18 months on the Clock bring us to two solar eclipses inside a period of delay equal to two prophetic hours from 2:44 to 4:44 as measured across both Clock layers.

Editors Note: Reference to the Clock end date was meant to mark the conclusion of the PM layer on the Clock, but not a 24 hour day, which concludes in early February, 2028.

This prophetic two hours began in 2014 and comes to an end ten years later in the Spring of 2024, as explained in the earlier update.

As we enter the 4th Watch of the night on October 23, 2023, an annular (partial) solar eclipse will occur on October 14.

This eclipse will provide visibility over the Western US for nearly 6 hours of transit time.

As you can see in the graph below, when the altitude of the Sun reaches 66.6 at approximately noon EDT, its direction relative to the moon will be at 144 degrees SE, as shown when you click the image and run the simulation.

Click on the Image above for Eclipse Simulation

This measurement, like the Daniel Key itself, points to the link between the rise of the Antichrist and the takeover of the nations by the 144,000!

Keep in mind that celestial signs do not represent dates of fulfillment, rather they announce future events that are soon to occur.

We continue to Watch for the harvest to begin in the Spring of 2024.

A second solar eclipse will occur on April 8, 2024, which you can see by going to the Web version of this update at *ClockProphecy.com*.

In this image, we see that when the altitude of the Sun reaches 66.6 at about 1:30 PM EDT, its direction will be at 134.76 degrees SE during a transit time of just over 6 hours.

Day 1,347 in the AM layer of the Clock fell in late 2014, however in the PM layer (+3,129 days) it fell on March 20, 2023.

The date of March 20, 2023 was the exact date that linked the two beasts to the opening events of Revelation 13 on this date last Spring!

This is more fully explained in the June 7, 2022 Special Update archived from the main page.

I want to point out that the AM Clock vector on day 1,347 in 2014 was just 14 weeks before William's unannounced visit to the Oval Office where Obama and he first met.

These celestial markers point to the imminence of Critical Mass during William's 41st year, which did not begin until June 21, 2023.

Although we had hoped that the harvest would begin just prior to William's 41st birthday, we now Watch for the arrival of Critical Mass shortly before the end of his 41st year.

In closing, I want to help you imagine what it will be like after we have reached Critical Mass just before the first Rapture Group (first fruits / Rev 14:4), or Man-child, departs.

In response to the chaos of world events at that time, government officials may sequester the parents of these Hebrew children in an attempt to silence them.

Likewise, a media shut down preventing Internet access and replacing our free press with state-run media, as in the film, V for Vendetta, seems likely.

While I don't normally cite Hollywood as a backdrop for prophetic events, references to Christ and God's Judgment in this film are remarkable!

The harvest will begin only after the first Trumpet of the 7th Seal and the wounding of the first beast, after which a large meteor (or super-volcanic eruption) will decimate a third of Europe and trigger the rise of the Antichrist.

In other words, these events will already be underway when the door opens for us, meaning the Antichrist will have come to power by the time we begin to depart.

Again, the 4th Watch of the night on the Clock will arrive on October 23, 2023!

God bless as you continue to Hear what the Spirit is saying to the churches:

"Behold, I come quickly!" (Rev 3:11)
