

MARCH 22, 2026

**KEY DATES AND
EARLY RAPTURE**

Friends, Comet 3I/Atlas is reaching Jupiter's Hillsphere in a matter of hours, at which time it may enter into orbit around the largest planet of our star system.

I believe the comet will play a role in the Sign of the Son of Man in heaven, possibly igniting Jupiter to become a second Sun in Earth's sky!

If we have not seen the decimation of Europe by early May at the 2nd Trumpet, we may still see a cosmic display in August pointing to the arrival of Christ and his divine army.

Clock measurements tell us that the airlift in Revelation 12:15 can occur at any time, and our window for the start of early harvest will remain open until the end of Spring.

As you know, the Signal Code is related to the comet, giving us the means to know that we have entered Revelation 13.

The Signal Code also marks the arrival of Revelation 13:3 just before midnight on March 16, the very day 3I/Atlas achieves its rendezvous with Jupiter!

Since real-time fulfillment is not confined to one 24-hour day, and knowing that each verse remains on the Clock for six and a quarter days, we may not see major news this month.

Remember that in both the AM and PM Clock layers, we came to Revelation 19:15 at the end of 8 prophetic hours, or 2,086 days.

Because we are now in the second black ring, our place in the text of Revelation is determined by use of the Signal Code.

When I subtract the Signal Code from the end of the ninth hour on the Clock, it puts us eleven verses earlier in the text of Revelation (about 68 days) than where the Clock comes to an end at Revelation 19:15.

This could mean that we are inside a ten week window of fulfillment between the arrival of a passage on the Clock and its ultimate fulfillment.

If we apply this 68 days to the 6-6-6 window where it closed in mid-January, we come to March 22, 2026, so we want to be mindful over the next week that things may be about to dramatically heat up.

An ET psyop that puts non-human intelligence before the public is about to be featured in a Hollywood film by Steven Spielberg, opening worldwide in June.

This scripted deception began many years ago when various authorities were contacted by the Nephilim, deceiving their counterparts in human government with a promise of immortality.

Advances in robotics have been astounding, and we can see how the image of the first beast, identified on the Clock as Barack Obama, will be as real and functional as a human being.

Combined with advances in AI that probably exceed anything available to the public, we can be sure these deceptions will be used to bring about the Image and the MARK in the months ahead.

The approach of Passover brings us to important parallels we need to be prepared for in the weeks ahead.

It was John the Baptist who announced the arrival of Christ at the start of his ministry, and President Trump is playing a similar role before the takeover of the nations before Christ returns.

Events in the Middle East are a prelude to the rise of 666 in both hemispheres, but according to Daniel, despite wars launched by the Antichrist, he will not achieve global domination.

War in the Middle East will likely trigger Critical Mass on the Clock, meaning the rise of the first and second beast at the start of early harvest.

Pray for President Trump and for Israel's Prime Minister as we move closer to these events, as we may have only days before the harvest begins!

A popular theme in early Hollywood westerns was a cowboy with a secret map he thought would lead him to buried treasure, but every time he began to dig, all he would find was another map!

Measurements on the Clock over the past ten years seem to have followed this same pattern, so how can we know this pattern won't keep repeating?

The ninth hour on the Clock ends in early 2028, and going past this would require a Clock reboot that takes us back to Revelation 1 at the start of yet another AM layer.

That would take us past a 24 hour prophetic day on the Clock, however it remains my conviction that Jesus will return in the second half of 2028 shortly after the completion of the third temple!

We talked earlier about a Clock measurement that divides the age of the second beast (Prince William) into the age of the first beast (Barack Obama) with a result of 1.44 later this year.

Here is what that measurement looks like in the Clock spreadsheet:

1.4401	12/5/2026	16238	23385	108.48	
1.4401	12/6/2026	16239	23386	108.49	
1.4401	12/7/2026	16240	23387	108.50	
1.4401	12/8/2026	16241	23388	108.50	
1.44003	12/9/2026	16242	23389	108.51	x
1.44000	12/10/2026	16243	23390	108.51	<< 1.4400 >>
1.43998	12/11/2026	16244	23391	108.52	ACV2 CROSSOVER-2
1.43995	12/12/2026	16245	23392	108.52	CURRENT DATE = X
1.43992	12/13/2026	16246	23393	108.53	1.4375 - 1 = 43.75
1.4399	12/14/2026	16247	23394	108.53	+ 06.21.82 = Y
					X - Y = 0

If our place on the timeline is what I understand it to be, the removal of the 144,000 Hebrew princes will take place this Spring, followed by the last three groups of harvest as the gathering unfolds.

This measurement shows that the Man-child may be returned to the Earth in the month of December, at which point the takeover of the nations can finally begin!

Remain in prayer as you continue to hear what the Spirit is saying to the churches:

“Behold, I come quickly!” (Rev 3:11)
